

THE CHILDREN'S CAMPUS
PRE K PROGRAM: ARCTIC ROOM
SEPTEMBER NEWSLETTER

Dear Families,

We can't believe it's already September!! Our older students have moved on to kindergarten while our new students are getting settled into their new classroom. They are doing a great job transitioning. Thank you for entrusting us with their care. We will start off the month with the theme '**Back to School**'. We will continue to learn classroom rules and schedules and become more acquainted with our new friends. For our second week will enjoy an author study of **Laura Numeroff** (example book: [If You Give a Pig a Pancake](#)). This author is always a favorite of the children! **Air Transportation** will be the theme for the next week. We will explore many forms of transportation that move through the sky. Last, but not least, we will discover the world of **Robots**. This will surely be a hit with the children!

We look forward to another month of learning and fun!

Ms. Susie, Mr. Mike, & Ms. Nata

Weekly Themes:

September 4 - 8:	Back to School
September 11 – 15:	Laura Numeroff – author study
September 18 - 22:	Air Transportation
September 25 – 29:	Robots

Home Connection:

Please continue to support your children with their school experiences. Also reading to them often and discussing and asking questions is very helpful to their language development. Working together we can build a stronger foundation for learning.

Reminders:

Monday, September 4th: Children's Campus will be closed in observance of Labor Day.

Tuesday, September 5th : Join us for our Curriculum Night for the Pre-K Year old Program!
