

Dear Families,

We are ready to roll in September and our new class is almost complete! We wish our brand new kindergarteners all the best and send much love with them as they have made their way to the “big” school.

Last month saw us enjoying lots of Splash Days and new topics. Pete the Cat was a class favorite and taught us that even when things go wrong, it's still okay.

In September we will begin classroom jobs, morning sign-in, and answering the *Question of the Day*. We will concentrate on learning classroom routines, safety procedures, and practice both working together and working independently.

We begin our Circle Time at 9AM and would appreciate your child arriving before then. It is a nice way to start the day together and we talk about what will happen during the day so the children know what will take place.

Ms. Holly, Ms. Lorí & Ms. Carolyn
