

THE CHILDREN'S CAMPUS
THREE YEAR OLD PROGRAM:
WOODLANDS ROOM
SEPTEMBER NEWSLETTER

Dear Parents,

We have enjoyed working with your child in August. We explored watermelons by making a watermelon volcano. We talked about the different types of foods we eat on picnics and around a campfire. Our last week in August, we learned about bugs. We saw different bugs both in and outside.

The month of September, we will be just as busy as we focus on the following:

- Building
- Colors in Spanish
- Science

We have many fun art projects centered around our themes as well as cooking and science experiments! We will continue to reinforce class etiquette and develop friendships through our day as well!

Thank you already for entrusting your children with us this year! We look forward to a wonderful year of learning and fun!

Ms. Shelia & Ms. Lisa

Weekly Themes:

September 4 - 8:	Robots
September 11 - 15:	Apples
September 18 - 22:	Community Helpers
September 25 - 29:	Pets

Home Connection:

*Continue to encourage your child to ask about going to potty. They are progressing well!

A special "thanks" to parents who participate in bringing ingredients for "Science Friday".

Thank You!

Reminders:

Monday, September 4th: Children's Campus will be closed in observance of Labor Day.

Wednesday, September 6th : Join us for our Curriculum Night for the Three Year old Program!
